He Has Been on Trial Charged With Assault With Deadly Weapon.

CASE AGAINST W. N. GILBERT UP

Lottie M. Brucker Granted a Divorce From Christian Brucker.

Samuel Spell was found guilty of "an assault with intent to commit murder." The jury was out just one hour. The language of the verdict is as follows: "We, the jury find defendant guilty of an assault with intent to commit murder in manner and form as charged in the indictment."

For Mr. Spell this means a sentence to the penitentiary from one to fourteen years, sentence being indeterminate.

Judge Farrand has not yet decided just when he will sentence Mr. Spell. When the verdict was read Mr. Spell was present, and at the conclusion of the reading, he was lead from the court room and taken back to the county jail.

States Attorney Wooster and his assistant Harry Edwards are pushing the People's cases right along in the circuit court. The Spell case which was commenced Monday afternoon, was given to the jury for their consideration this afternoon at 2:30 o'clock.

The case of People vs. McCoy will come up at the conclusion of the Gilbert case.

PREPARE WINTER QUARTERS

Need Eight Inch Rise in River to Flow Steamer Into Slough.

The owners of the City of Dixon are making preparations to place the steamer in its winter quarters on the island. A large plot of ground near the head of the island has been cleared where the boat will be dry-docked during the winter months. In order to take the excursion boat through to the middle of the island, via the big slough, an eight inch rise in the level of the river is necessary. When this occurs the City of Dixon will be made snug for the "out of season" months. It takes about two days of hard work to make the craft ready for its long inactivity. The engine, boiler and wheel are taken off and this year Messrs. Emory and Espy are planning to give their boat a thorough investigation, which may result in considerable repairing.

TAKES CHANGE OF VENUE

Suit by Dr. Robbins Against Electric Railway Given Hearing.

This afternoon there were two hearings of continued cases started, one in Justice Crabtree's and the other Keller's court. In Justice Crabtree's court the hearing of Sam Rubenstein, charged with obstructing North Peoria avenue, was given a hearing. On the advice of his attorney he prayed for a change of venue which was granted. By this legal move, it was necessary to take the case before Justice Keller. As it happened, Justice Keller is occupied this afternoon in hearing the damage suit of Dr. A. C. Robbins against the Sterling, Dixon & Eastern Electric railroad. Accordingly, the afternoon was spent by the people who were subpoened for the Rubenstein case in sitting in Justice Crabtree's office discussing the weather.

In the hearing before Justice Keller concerning the damages wanted by Dr. Robbins for injury to his horse committed by the falling of a trolley wire on the bridge in August, the witnesses were examined and all the evidence taken by the court

TO HEAR BISHOP THOBURN

Famous Missionary Will Be at the Freeport Conference.

Bishop James M. Thoburn, the veteran missionary of India, will visit the Rock River conference during its session in Freeport this week and deliver an address. No man in Methodism is held in higher esteem than Bishop Thoburn on account of his untiring labors for the Kingdom of Christ.

He was one of the principal speakers at the famous missionary convention held in Cleveland a few years ago, when the sum of $300,000 was taken in one collection for the cause of missions.

While on his way home from India to attend the general conference last year, he met with an accident from which he has just fully recovered. Every member of the conference will be delighted with this new addition to the already excellent program.

It is not often than an annual conference is honored with three bishops on the program.

Notice has just been received that Rev. Benjamin S. Haywood, superintendent of the missions in Porto Rico will also be present and speak.

Besides these two men Dr. A. B. Leonard, secretary of the Church Missionary society, will be present and deliver the sermon on Sunday evening. He ranks among the foremost speakers of Methodism.

A Solemn Duty.

A solemn duty which we owe society, our children and ourselves is that nothing which can be done to assist nature at that time when our wives are to become mothers should be left undone. Of all the countless details to be observed at such a time, no single one is of more importance than the bodily welfare of the expectant mother; she must not experience undue suffering through any lack of effort on our part.

MOTHER'S FRIEND

should be the recourse of all real men and women at such times; it is easily obtainable, and it is a positive crime not to procure it. Its offices are to relax the muscles and tissues intimately associated in this greatest of the Creator's phenomena, and by simple external applications a result is obtained which at the appointedtime permits the mother to undergo her greatest joy with fortitude, and bring into the world a child worthy of its parents. $1.00, all druggists. M'CALL AND DEMOCRATS

In his testimony before the investigating committee, John A. McCall, president of the New York Life, says:

"I was a democrat up to the nomination of Bryan when he adopted the free silver platform of 1898. I made up my mind I would do all in my power to defeat that candidate and that platform, and I did it with my heart and soul. I had no idea in my mind about politics at all, but I had a duty and a trust regarding New York Life policyholders, and I felt that if free silver coinage was going to prevail and Bryan was going to be elected president of the United States' that we might put up our shutters on the New York Life doors. Knowing that and believing it in 1896, I consented to a payment to defeat free silver, not to defeat the democratic party, but to defeat the free silver platform, and I thank God that I did it."

In a letter to the public, dated Sept. 26, he offers this explanation, which is a hard thing for a democrat to say about the policies of his party:

'The contributions made in the years in question had no reference whatsoever to politics. They are made to meet a danger that arose in a great crisis in the economic development of the country. They were made to help kill free silver, which, if adopted, meant the destruction of property belonging to the policyholders of this company. The contributions were made equally for the protection of republicans and democrats, equally for the protection of the policyholders in Canada, Mexico, Europe, South America and other parts of the world.

"The contributions have been called 'political' by some people because they were made through a political party. They were made through a political party solely because it was not possible otherwise to reach the danger that menaced our assets."

The evidence and letter of President McCall show how the silver craze frightened the courtry in 1896. They show what stranded the democratic party at that time and placed it where it can do no harm for years to come.

Accepts New Position.

T. A. Craig, who has been a very efficient helper in the E. L. Kling jewelry store for over five years, has resigned his position with the Dixon firm. On Monday Mr. Craig will commence work with a Bloomington jewelry firm with which he has accepted a very flattering position. Mr. Craig started in the jewelry business with C. C. Burkart in 1898; and has been since then employed in the same work; accordingly, he has become a very good workman, and understands the jewelry business exceptionally well.

W. A. Sunday Converts 425.

Rantoul, Ill., Oct. 3.—Evangelist "Billy" Sunday of Chicago closed a month's meetings here Sunday night. Over 425 people have professed conversion and collections and subscriptions for the evangelist at Sunday's meeting reached a total of about $2,500. A very large per cent of the converts are men. The number won is so great as to create almost a revolution in this vicinity. The tabernacle, holding 1,240, was packed at every service and then hundreds were turned away.

Mr. Sunday has gone to Aledo, Ill., to begin services.

Father of Mrs. Floyd Dead.

J. P. Pierce, father of Mrs. E. B. Floyd of the Rock River Military Academy, died very suddenly this morning at his home in Racine, Wis. He was aged about 50 years and prominent in business circles, being connected with mining interests in Wisconsin and the west and for many years was treasurer of the Racine College. Major and Mrs. Floyd have gone to Racine to attend the funeral.

Where are Mrs. Lloyds' Ducks?

"There are 8 of Mrs. J. A. Lloyds' ducks gone. If any one along the branch, or elsewhere knows anything of them, Mrs. Lloyd would be obliged for information." THE TELEGRAPH received the above notice in this morning's mail. The general public will act accordingly.

—Frank Cortright took a gang of men to Compton this morning to do a job of painting.

Samuel Alschuler Writes of Reminiscences

The following letter from Samuel Alschuler, a leading attorney of Chicago and former candidate for governor on the democratic ticket, may be of interest to our readers in connection with the Saturday installments of reminiscences from the early files of THE TELEGRAPH. Perhaps we ought not to publish this letter, it being somewhat private in character, but the senior editor is absent from the city and if necessary he can make one of his ingenious apologies when he returns.

CHICAGO. Sept. 27, 1905.

MY DEAR MR. SHAW:

Your kindness is doubtless responsible for the marked copy before me of the "Evening Telegraph" of the 23rd inst., reproducing a most interesting article from the "Telegraph" of nearly half a century since. It shows that even in those days you had a keen and a correct estimate of men and affairs.

Unquestionably many other articles of about that time from the same pen, upon the same and other subjects, might be reproduced with much benefit to the public. And in this connection I beg leave to renew a suggestion which I ventured to make to you last fall, when I had the pleasure of meeting you, viz: That you reduce to tangible form some of your great store of highly interesting and historically important recollections of earlier days. I am sure you underrate their interest and importance, but trust that your increasing years will enable you to overcome your seeming modesty, and to better appreciate the worth of your possessions.

While I earnestly hope that the grandchildren of my children yet unborn, may be privileged, as I have been, to hear from your lips stories of the days of long ago, you must nevertheless bear in mind the uncertainty of human affairs; for it is just possible that persons of the description indicated may never exist, and it is just remotely possible that you and I may not survive until they do. Wherefore, I take it upon myself to urge you to take time by the forelock, and in the fulness of your physical and mental strength, give to the world the benefit of your wide expenience and keen observation.

With best wishes for your long continued health and happiness, and with many thanks for your consideration in sending me the paper, I am,

Very sincerely yours,
SAMUEL ALSCHULER.

"UNDER SOUTHERN SKIES"

Play at Opera House Pleased Large Audience.

Monday night at the Dixon opera house "Under Southern Skies" was presented before a well filled house. The southern play had been extensively advertised; and the Dixon theater-goers, knowing the fine quality of the play, responded in a very flattering manner. It was as advertised, a good melodrama of the better class; representing the life in the southland in a very charming way. The leading role, "Lelia Crafton," was played very well; there was no over-doing of any of the lines, but the fitting expression suited with like action was kept throughout the play. At the end of the third act, the audience would not be satisfied until the curtain had been rung down the third time. With the show of last evening and the one coming Thursday evening, "Our New Minister," it is easily seen that Manager Eastman is endeavoring to give his Dixon patrons the best plays which can be seen by the companies on the road.

KNIGHTS COLUMBUS ENTERTAIN

Seventy-five Couples Enjoy Informal Dance Given by Fraternal Order.

Monday evening at the G. G. Rosbrook hall the Knights of Columbus gave an informal dance. The affair was attended by seventy-five couples, many coming from Sterling, Sublette and Rochelle to enjoy the hospitality of the Dixon Knights. The music, for the twenty-four dances, was furnished by Newman's orchestra; and was very pleasing to all present. About 12 o'lock the company took a short intermission for refreshments. The supper was served at the several Dixon restaurants which had made previous preparations. After the Knights and ladies had enjoyed the refreshments they returned to the hall where the orchestra played "Home Sweet Home" about 2 o'clock.

CHILDREN AT STATE FAIR

Record Breaking Attendance Causes Secretary to Wire Roosevelt.

Springfield, Ill., Oct. 3.—Yesterday was the largest "children's day" in the history of the Illinois state fair and W. C. Garrard, secretary of the state board of agriculture, sent a telegram to President Roosevelt, saying:

"If you could peek in on the Illinois state fair today the race suicide problem probably would be solved. Twenty-five thousand children are in attendance.

In addition to the record-breaking crowd of children the number of adults also was far in excess of any previous Monday of the fair. As soon as the gates opened in the morning the children began streaming into the grounds, and by 9 o'clok the buildings were crowded with merry crowds of youngsters, who took the grounds by storm.

Raised Big Pumpkin.

A. H. Tennant of this city beats the county record for raising big pumpkins, and all on one vine. There were five pumpkins on one vine, the largest weighing thirty-one pounds, another thirty-three, and the three others thirty pounds each. "Dad" says these were raised in his garden at 910 Hennepin avenue, and they are the finest pie-pumpkins that grow.

—Mrs. Charles Laing returned this morning to her home at Racine, Wis., after a visit at the home of a A. P. Armington.

LADIES PEN A LITTLE AIR

For Those Who Wonld Attend the Country Fair.

An air of mystery surrounds Sunny Italy at the Country Fair. Those in charge refuse to satisify curiosity and answer all questions with a sphnix-like smile. We can only imagine and believe that it will be a bit of Italy with its own peculiar style of decorations and wares set down at the Country Fair by magic.

The hot lunch counter is much more tangible and under the management of the W. R. C. and Kit Carrson will be immensely popular. Patrons will find here a substantial supper of toothsome viands. On the bill of fare will be fried eggs sandwiches, the new fad, hot and well seasoned, only Lee county eggs strictly fresh used, golden mellow pumpkins pies, coffee, pure nectar brewed from the fragrant berries of far Arabia by this W. R. C. with a skill known only to that land, doughnuts galore while buyers call for more, made by the women of Dixon and Palmyra who take sugar and spice and everything nice nor will they shirk the beating, adding eggs and flour and working for an hour making doughnuts well worth eating. May the orders be many and the ladies will count each penny while their brains are keeping time to the monitary chimes of of nickels and quarters and dimes.

Snyder's ice cream parlor will be children's headquarters. He will have on sale the famous ice cream sandwiches and will sell them by sixes, sell them by dozens. Buy them friends to treat the children, uncles and cousins. Orders will come in thick and fast, we fear the supply can't last. Only too soon the hours will fly away and eagerly we'll begin to count our pay. Now this is part rhyme and part reason and the Board hopes you will all consider it in season.

Remember the Basket Ball Girls.

Tonight is the time the public is invited to partake of ice cream and cake served by the North Dixon High school basket ball team, on the Charles A. Todd lawn.

YOU

have heard of stealing red-hot stoves, but up to date there is no record of its being tried with the genuine **Round Oak**. It is a warm proposition when there is a fire in it. The **Round Oak** has a good reputation as a heater.

Someway, it seems to get the heat out into the rooms in a greater volume than others, being carefully fitted and rightly constructed. It is as easily regulated as a lamp. It holds the fire just as desired; simply regulating the drafts gives much, little or medium warmth, and it stays tight all its life—it is just as good the tenth or fifteenth year of use.

Contraction and expansion do not affect it. These changes pull other stoves open and put them to the bad in a short time; but not so with the **Round Oak,** for it is put together right.

The people who make it know how, and the curious thing about it is that it does not cost any more than the imitation, and if it did it would be the cheapest stove you ever bought in your life Should you start out to look it up, don't forget to see the name **"Round Oak"** on the leg.

How Freeport Saw the Game

Freeport Standard: The High school boys gained their second victory of the season by defeating the strong Dixon High school foot ball team at Dixon last Saturday by a score of 24 to 0. The Dixon bunch were what might be called "easy meat" for Freeport, The local boys went through their line at will, and wherever they pleased and as far as they wanted to. Schuler, Dixon's full back, played the game for them. Had it not been for him, the local boys score would have been hard to count. Freeport's team worked well together. Whenever a play was called ten men were either pushing or tugging at the man with the ball for five or ten yards, sometimes longer gains.

CHANGE TELEPHONE MANAGERS

Walter Missman Starts In Business for Himself.

Today the accounts of business affairs of Walter Missman as manager of the Dixon office of the Central Union telephone company are being checked out. The vacancy left by Mr. Missman is filled by John F. Winchester of Sycamore, Ill., recently of Texas. Mr. Winchester was formerly in the employ of the original Bell telephone company; and comes well fitted to become manager of the Dixon office

Mr. Missman has become the sole proprietor of the Bert Latta confectionary store on First street, and will be, from now on, busy in working up a retail business in candies, fruits and etc. There is no doubt but that Mr. Missman will receive his share of the trade, as he has become well known during his six years of efficient work with the Central Union telephone company. He is being assisted at present in his new store by his wife.

Bert Latta, who sold out his business to Mr. Missman, expects to move to California before the cold weather sets in; as his health is not the best; and he has several very desirable prospects in the western state.

SENATORIAL CONTEST

Deneen's Syndicate Candidates Are Restive and Each Wants a Clear Field.

SIGNIFICANT LETTER OF YATES

Indicates He May Avoid Senatorial Contest If Crossed.

Springfield, Ill., Oct. 3.—A letter signed by former Governor Yates, circulated in the Leland hotel lobby last night, indicates that Mr. Yates is disinclined to enter the senatorial race without the undivided support of Governor Deneen. The pertinent paragraph is as follows: "I have not announced myself as a candidate for the senate, neither will I until I have the open and undivided support of certain elements."

The allusion to "certain elements" is said to refer to former Attorney General Hamlin and Lieutenant Governor Sherman. The Yates letter was sent to a well-known politician in the Smith congressional district. It was written prior to the Yates-Deneen conference in this city a week ago and therefore the impression is strong in certain quarters that Yates is not satisfied with Governor Deneen's programme, which admits of the candidacy of Hamlin and Sherman as "organization" proteges of the state administration.

SHERMAN AVOIDS MIXUP.

Although there is a large attendance of state fair visitors, politicians are slow in arriving. Governor Deneen and Mr. Yates are talking little and are not mixing with the lobby. Hamlin is meeting many friends about the hotels, but says he has nothing to say regarding the senatorship. "All I know is what I read in the newspapers," he said.

Lieutenant Governor Sherman is taking in the fair and thus far has avoided the lobby. He said purposely to have avoided "combination" conferences. Sherman may not be a candidate for the senate with Yates in the field. Sherman never has been a great admirer of Yates and it is regarded a good guess that he will not enter the senatorial Derby if the administration plan is to make Yates the head of the proposed anti-Cullom combination. Sherman was quoted last night as being disposed to support Cullom as against Yates and to have summarized the senatorial situation as follows:

"The trouble with the combination is that if Yates, Hamlin and myself were to enter the field for the purpose of beating Cullom the votes at the primaries who desired to support the state administration would not know when he voted for Hamlin, Yates or myself, whom he was boosting, whereas he would be certain that a vote for Cullom would mean a vote for Cullom and nothing else. I joined the combination at the state convention for the purpose of nominating Deneen for governor and for no other specific purpose."

HAMLIN WANTS CLEAR FIELD.

Hamlin is also shying at the putative Yates candidacy and it is predicted that neither Hamlin nor Sherman will be able to deliver to Yates. Moreover, Hamlin is not disposed to enter the senatorial contest unless assured that he will head the anti-Cullom combination. Likewise, Yates insists upon a clear field, wherefore it appears that the proposed combination can not be effected unless one or more of the field candidates follows false lights and is deceived into believing that he is to be the legatee of the state administration,

Gossip last night indicates that in the windup one of two things is inevitable. Either Governor Deneen will be compelled to become the trustee for Yates. Hamlin and Sherman and take the field against Senator Cullom or that Cullom will be reelected without opposition. This is the prediction of well informed politicians, who realize that Cook county can not be delivered to Yates, that Hamlin and Sherman will not and can not if they would deliver to Yates and that Yates will not deliver to Hamlin or Sherman. Moreover, it would be in the interest of Sherman that the anti-Cullom triumvirate should be deadlocked, as this might mean the election of Deneen to the senate and the promotion of Sherman to the governorship.

BLIND POOL RESENTED.

The rank and file of republicans on the ground are opposed to the prosecution of a senatorial campaign on the blind pool plan, which, it is said, would be tantamount to election by conspiracy. The rank and file insist that if Senator Cullom is to be beaten he shall be beaten by a candidate and not a syndicate.

Senator Cullom received many callers today and was busy shaking hands in the Leland lobby tonight. The senator's friends say his petitions are being signed throughout the state and that 150,000 names probably will be obtained before the petition is circulated in Chicago.

FORGERY IS DONE FOR EXPERIMENT

Plea of the Man Who Carried off $359,000 in Securities at New York.

ALL THE WEALTH IS RECOVERED

Forger Himself Sends Back $300,000 by Mail to Its Owners.

Says He Did It on a Bet and to Show How Easy It Would Be to Beat the Bank System.

New York, Oct. 3.—By the confession of Henry A. Leonard, a young clerk in the employ of Halle & Stieglitz, brokers at 30 Broad street, the mystery of the robbery on Wednesday last of $359,000 worth of securities from the National City bank has been cleared up. Leonard, who lives with his parents at 586 East One Hundred and Thirty-Sixth street, was arrested Sunday and kept in close confinement, while the detectives continued their search for the missing securities, every dollar of which has been recovered.

Had No Criminal Motive.

The prisoner, who is only 24 years old, and who has previously borne the reputation of an industrious and thoroughly reliable clerk, made the astounding statement in his confession that he had planned and carried out his scheme of forgery and robbery not from any criminal motive, but solely to show by what a simple device the elaborate safeguards of New York banks could be set at naught. That this statement is true is in a measure corroborated by the facts in the case, and is the belief of the young man's employers, by whom he was highly esteemed.

Sends $300,000 Back by Mail.

Soon after the theft Leonard mailed a package containing $300,000 in securities to the residence of Dyer Pearl, senior member of the firm of Pearl & Co., by whom they were owned. The package was received by Pearl Sunday. Yesterday Leonard's father turned over to the police the remaining $59,000 in stocks and bonds, which he said had been found in a wardrobe in his house, where his son had said after his arrest he had secreted them.

First Clue to the Forger.

The first clue that led to Leonard's arrest was obtained when the detectives traced the rubber stamp maker whom Leonard had employed to make the imitation certification stamp used in the check he presented at the National City bank. As a model for the stamp he gave the maker an old certified check bearing a fragment of the signature of Halle & Stieglitz, and also a memorandum in his own hand, which was identified by fellow clerks. Leonard was held in the Tombs police court in $50,000 bail for further examination. On leaving the court room on his way to prison he said, in response to a question: "I did it on a bet."

DETAILS OF THE SCHEME

Leonard Tells How He Went About Obtaining the Boodle.

Leonard told the police that he conceived the idea of the theft some three or four months ago, and had been planning during that time to execute it. On the 26th of September, he said, he found four blank checks on the Hanover National bank. That was in the forenoon. Later in the same day, he said, he was in the corridor of the National City bank, and among the men waiting in line he saw a man holding in his hand an envelope marked "359,000—4¼ per cent." on the envelope. He said he heard the loan clerk tell the messenger that the interest was 4½ per cent., and not 4¼. Then, he said, the messenger departed.

Leonard then had his cue, and went to the Bowery and there ordered a rubber certification stamp, but before doing so he cut out the certification of an old check, from which the stamp was to be copied. After he secured the stamp he filled out the body of the check drawn on the Hanover National bank. Then he said he went to Wall street and hailed a passing boy, and asked him if he knew where the National City bank was. The boy said he did not.

Leonard said he told him "Take this check to No. 52 Wall street, and hand it to the loan clerk." Leonard meanwhile stood opposite the custom house and saw the boy take the package and come out with the securities. Leonard said he took the securities to his home and with no delay put them in a wrapper, affixed the necessary stamp, and took them to a mail box in the neighborhood of West Ninety-Second street and mailed them to Dyer Pearl, who is a member of the firm that owned the securities.

There were, however, only $300,000 worth of securities in the package, which were received safely the next day by Pearl. There were $59,000 worth of securities missing, and Leonard explained that by saying that to have enclosed them all in a package by mail would have made the package too bulky, and he therefore kept them out and only mailed $300,000 worth. In this connection it was noted by the police that only about $50,000 worth of the securities was negotiable.

CREES GO BACK TO CANADA

Hunger Sends Them Back to Their Native Land—They Were in the Reil Rebellion.

Butte, Mont., Oct. 3.—After twenty years of opposition to the Canadian government Chief Little Bear and his band of 300 renegade Crees, appalled at the number of their children and horses dying, and their inability to secure food as the result of the drought prevailing in northern Montana, have surrendered. Chief Little Bear and his band fled to Montana at the close of the noted Reil rebellion.

Neither arms nor diplomacy could conquer them, but they succumbed to drought, and before the end of this month practically all of the tribe in Montana will be en route to Onion Lake, Canada, their native land, there to remain.

George Gould Has the Board.

New York, Oct. 3.—At a meeting of the directors of the Wabash railroad a resolution was passed granting President Joseph Ramsey, Jr., an indefinite extension of his leave of absence. Ramsey attended the meeting and formally protested against what he considered an effort on the part of the board to remove him as president.

ITS PEDIGREE IS GIVEN

Dr. Pearsons, the Chicago Philanthropist, Tells How He Got $50,000.

BEGAN WITH SHARP BARGAINS

Gives It to the Congregationalists with a Sharp Letter—Rockefeller Pays That Historic $10,000,000.

Chicago, Oct. 3.—Dr. D. K. Pearsons, of this city, who has endowed so many small colleges throughout the country, has presented the American board of foreign missions of the Congregational church with $50,000 to be used for Anatolia college, Marsovan, Turkey. In his letter to the board Dr. Pearsons explained just how he acquired the money which he desired to devote to the missionary cause. He added that if the Congregationalists chose to spurn it, he would be able to find a place for it somewhere.

In Memory of His Wife.

His letter says: "I enclose $50,000 for Anatolia college, Marsovan, Turkey. This money is to form the Mrs. D. K. Pearsons Bemorial Endowment Fund, and the principal is to be intact forever; the interest alone being used for the support of the college.

Tells How He Got It.

"This money came in this way: By sharp bargaining and rigid economy I acquired $10,000, and twelve years ago I purchased 100 shares of bank stock. During these twelve years this stock has paid me good interest, and now I can sell the 100 shares for $50,000. I can give you the name of the bank, and the names of the directors, all good men.

Take It or Leave, Gentlemen.

"Will this money be good to extend Christian education in Turkey, or is it 'tainted money?' If you refuse it, there are several theological seminaries here that would be pleased to take it, and I know of 100 poor colleges, south and west, that would be delighted to receive it."

The $50,000 was sent to a meeting of the board held here, and was at once accepted.

Rockefeller's $10,000,000 Paid.

New York, Oct. 3.—The $10,000,000 gift of John D. Rockefeller to the general education board which was announced last June was paid to the board by Rockefeller in cash yesterday. In his letter of last June, Rockefeller announced that this gift would be forthcoming on the first of October in cah or securities, at his option, and the cash was turned over to the board yesterday.

Eight Checks; Seven Figures Each.

The payment was made in a series of checks made payable to George Foster Peabody, treasurer of the board. Six of the checks were for one million, and two for two millions each.

"ROOSEVELT" TOO STRENUOUS

Lion of That Name Nearly Kills Its Fair Tamer During an Exhibition.

Gilman, Ill., Oct. 3.—Miss Aimee Blondel, a lion tamer, was attacked and terribly mutilated during a performance of a circus by the trick lion "Roosevelt.' It is thought Miss Blondel will die. She was only saved from immediate death in the cage by the bullets of a troop of United States cavalrymen traveling with the circus, who poured a volley into the boly of the lion.

The young woman was feeding several lions in the cage when the big animal became enraged and sprang upon her. After wounding his tamer severely in the back the beast nearly pulled her right arm from its socket.

Base Ballist Bateman Stabbed.

Des Moines, Ia., Oct. 3. — While intoxicated and in fit of demoniac temper Charles Dexter, a star catcher of the Des Moines Western League ball team, stabbed First Baseman H. Q. Bateman, of the Milwaukee American Association team. Bateman's condition is very serious, and he is hardly expected to live. The men had both been drinking.

Lost with All on Board.

Manila, Oct. 3.—The interisland steamer Canalabenia, 1.097 tons, was sunk in the recent typhoon off Ticao island, one of the Visayan group. Apparently all on board were lost. She carried five citizens of the United States, one Spaniard and eleven native and Chinese passengers, and a crew of ninety-seven men and officers.

WAS A PRETTY SPECTACLE

Mob Drags a Judge About and Requires Him to Rescind an Order of His Court.

Denver, Oct. 3.—The spectacle of a member of the judiciary being dragged about by a mob and forced to rescind an official order ended a day of turmoil at Brighton, Colo., the county seat of Adams county, adjoining the city limits of Denver. A. H. Guthiel, county judge, haled the mayor, marshal and members of the town board before him and lectured them for their alleged failure to enforce ordinances against gambling and Sunday liquor selling.

Following this he ordered the sheriff and marshal to gather the slot machines in the town of Brighton, and when they reported later that they could only find one he ordered their arrest. They disappeared, and the citizens growing excited Judge Guthiel got on board a freight engine and ordered it uncoupled to take him to Denver. The engineer refused, and while they were arguing the case the mob appeared, pulled the judge from the train and required him to rescind his order to arrest the marshal and sheriff. He told them he had already done so, and they let him go and he came to this city later on a passenger train.

Election in Connecticut.

New Haven, Conn., Oct. 3.—At the election in Connecticut, Edwin W. Higgins, of Norwich, Republican, was elected to congress over Charles F. Thayer, mayor of the same city. Cured of Backache.

Member of the Businsss Men's League and one of the best known business men in St. Louis, Mo. Read what Mr. Wand has to say about Dr. Fenner's Kidney and Backache Cure:

"I know what it is to be afflicted with backache and I sympathize with fellow sufferers. After swallowing various and frequent nauseating doses of this and that prescription I decided that if Dr. Fenner's Kidney and Backache Cure could not rid me of those backaches it at least would not do me any harm and I procured a bottle.

"Now the first bottle didn't stop those wearing backaches, but it did afford me great relief. The second bottle, however, did effectually put a stop to those racking backaches. Occasionally they returned when strenuous business affairs exhausted the physical forces, but a dose or two of Dr. Fenner's Cure gave instant relief.

Respectfully,
Thos Wand

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. MYSTERY OF STREED

Seems No Nearer a Solution Than It Was the Day After His Death.

WAS IT MURDER OR SUICIDE?

Parties at the Scene Are Divided on That Point—Saloon Law Decided Invalid.

Cambridge, Ill., Oct. 3.—Officials of Henry county, especially those residing here at the county seat, are exerting every effort to ascertain the identity of the physician or nurse employed to care for a Swedish girl, about whose death hovers the mystery surrounding the murder or suicide of John V. Streed, the lawyer-politician. The girl died the lawyer-poolitician. The girl died five years ago. Dr. B. C. Powell, brother of Dr. W. D. Powell, the suicide veterinarian, said the latter discovered the identity of the persons interested in burying the domestic without the formality of a death certificate or burial permit. Finding that they were people who had been prosecuting him, he sought to get Streed to expose them. He said Streed refused to do this because he learned the men interested were friends and fellow lodge men.

Not Believed by Mrs. Streed.

Streed friends assert now that Dr. Powell's interest was not that he wanted to see justice done. They insinuate this is the blackmailing plot that Attorney Streed refused to touch even after he was offered as a fee a clear title to a 160-acre farm. Telephone messages received here say Streed's widow, who will clear up some of the mystery at the inquest, declared in Chicago she did not believe Dr. W. D. Powell had a great interest in the scandal of the girl's death. She did not think Powell would ever seek the life of her husband or leave his hatred as a heritage for others to fulfill.

At the Parting of the Ways.

Residents of Cambridge, including the county officials, are reaching the parting ways as to the probable cause of Streed's death. The majority connect it with the suicide of Dr. W. D. Powell, veterinarian, and his unexplained interest in seeking either to blackmail or expose men whose names were connected with the mysterious death of a Swedish domestic. Deputy Sheriff Ed Swayne, who is said to have been named as an object of vengeance in a note Powell left to his brother, B. C. Powell, of Sandwich, Ill., clings to the theory that Attorney Streed committed suicide.

Sturtz Believes It Murder.

Swayne and State's Attorney C. E. Sturtz, who holds to the murder theory, are on the verge of breaking off their workinng relations in the investigation, which is to be continued before the coroner's jury today. Swayne and Dr. Powell were rivals in love before either was married. Swayne denies in emphatic terms that bad blood exists between himself and Dr. Powell, so far as he knew.

SALOON LAW DECLARED VOID

It Fined a Boy Who Went into a Saloon in Violation of the Statutes.

Lewistown, Ill., Oct. 3. — Judge Thompson, presiding in the circuit court, has decided that what has for a long time been known as the "whisky sellers'" ordinance is invalid because it is defective in construction and unreasonable. This decision is highly important, for it not only affects a number of towns in Fulton county, but throughout the state.

After local liquor dealers had been subjected to a heavy penalty for selling liquor to minors they determined on a system of retaliation and secured the passage by the city council of an ordinance which provided a minimum fine of $20 for a minor entering a saloon. They felt secure from prosecution for selling to a minor, knowing that if a minor testified against them he laid himself liable to heavy penalty for entering a saloon.

There Was Insanity in Her Family.

Galesburg, Ill., Oct. 3.—Mrs. Clarence Markham, who killed her seven children, set fire to the house and then killed herself Saturday near Andover, spent the greater part of her life in this county, and her mother, Mrs. Mary E. Johnson, is now an inmate of the insane annex of the alms house at Knoxville. Mrs. Johnson has suffered from dementia for many years, but it was not until Sept. 13 that she was adjudged insane.

Law That Is a Dead One.

Springfield, Ill., Oct. 3.—The law passed by the last general assembly giving the probate courts jurisdiction of all cases involving testamentary trusts is invalid, according to an opinion rendered by Attorney General Stead. The bill was not signed by the president of the senate, and this requirement, the attorney general holds, is mandatory. No rights are lost through the invalidity of the law.

Rev. "Billy" Sunday's Success.

Rantoul, Ill., Oct. 3. — Evangelist "Billy" Sunday, of Chicago, has just closed a month's meeting here. Over 425 people have professed conversion and collections and subscriptions for the evangelist at Sunday's meeting reached a total of about $2,500. A very large per cent. of the converts are men.

SITUATION IN HUNGARY

Universal Suffragist Goes to See the Emperor—Kossuth in a Political Combination.

Budapest, Hungary, Oct. 3. — The idea is current here that the political crisis is undergoing an important development. Minister of the Interior Kristoffy, who originated the plan to defeat the coalition by the introduction of measures for universal suffrage, has gone to Vienna with Premier Fejervary and Minister of Justice Lanyi for an audience of the king-emperor, and this has given rise to a report that his majesty is ready to abandon his resistance to suffrage reform.

Nothing definite, however, can be known until after the audience. The coalition party is also making a new move. Francis Kossuth, who until now has only been president of the Independence party, will be elected president of the parties forming the united opposition in the diet, and the coalition will publish a strong protest against the Viennese attitude toward Hungary.

Another Whisky Ring Scandal.

Greensboro, N. C., Oct. 3.—The federal court, Judge J. E. Boyd presiding, has convened to try cases against ex-revenue officers charged with conspiracy with distillers to defraud the government out of large sums of money. The most important case disposed of so far is that against D. L. Arey, a wealthy Salisbury distiller, who was sentenced to pay a fine of $22,000 and serve a sentence of three months in prison.

Not Going to Talk Strike.

New York, Oct. 3.—John Mitchell, president of the United Mine Workers, arrived in this city on his way to Washington to have an interview with President Roosevelt. Mitchell denied that he was going to see the president about the threatening anthracite strike, or at the presidents' request. "My call on the president is at my own request. It will be a purely personal visit," said Mitchell.

Surplus for September.

Washington, Oct. 3.—The monthly statement of the government receipts and expenditures shows that for the month of September, 1905, the total receipts were $50,251,159 and the expenditures $41,309,676, leaving a surplus for the month of $8,941,000 and a deficit for the three months of the fiscal year of $9,574,000.

Kaiser's Present to the President.

TO CATARRH SUFFERERS

Hyomei Guaranteed to Cure by Rowland Bros. or Money Refunded.

The popularity and increase in the sales of Hyomei are unique in the annals of medicine. Such astonishing cures have been made by this remedy that the proprietors have authorized Rowland Bros. to sell every package of Hyomei under an absolute guarantee that it will cure catarrh. If it does not, the purchaser can have his money refunded by Rowland Bros.

The complete Hyomei outfit costs but $1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper, and a bottle of Hyomei. The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows Nature in her methods of treating diseases of the respiratory organs.

Breathe through the inhaler for a few minutes four times a day, and your catarrh is cured. That's all.

If not cured, Rowland Bros. will refund your money.
